1. Nature of Business and Summary of Significant Accounting Policies

Total Health Care USA, Inc. (the "Company"), a not-for-profit corporation and wholly owned subsidiary of Total Health Care, Inc., operates as a state-licensed health maintenance organization (HMO). The Company provides medical services to persons primarily in southeastern Michigan who subscribe as part of an employer group or as individuals.

a. Accounting Practices

The accompanying financial statements of Total Health Care USA, Inc. (the “Company” or “THC”) have been prepared in conformity with statutory accounting practices prescribed or permitted by Section 1007 of the Michigan statutes of the state of Michigan for determining and reporting the financial conditions and results of operations of an insurance company for determining its solvency under Michigan Insurance law. The National Association of Insurance Commissioners (“NAIC”) Accounting Practices and Procedures Manual, (“NAIC SAP”) has been adopted as a component of prescribed or permitted practices by the state of Michigan.

Statutory accounting principles differ from generally accepted accounting principles (GAAP) in their definition of assets and liabilities. Specifically, certain assets (such as certain receivables from affiliates) are excluded from the statutory-basis balance sheet. GAAP net assets exceed statutory net assets by approximately \$1,050,000 and \$416,000 at June 30, 2018 and December 31, 2017, respectively. There are no significant differences between statutory accounting principles prescribed by NAIC and the State of Michigan accounting requirements that are applicable to the Company.

A reconciliation of the Company’s net income and capital and surplus between NAIC SAP and practices prescribed and permitted by the state of Michigan is shown below:

NET INCOME	SSAP #	F/S Page	F/S Line #	2018	2017

b. Use of Estimates in the Preparation of the Financial Statements.

The preparation of financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

Certain significant estimates exist relating to unpaid claims. It is at least reasonably possible that these estimates will be materially revised in the near term.

Notes to Financial Statement

c. Accounting Policy

Cash and Short-term Investments - The Company considers all highly liquid investments purchased with an original maturity of three months or less when purchased to be cash equivalents. Certificates of deposit in banks or other similar financial institutions with maturity dates of one year or less from the acquisition date are considered cash under statutory accounting principles. Short-term investments are stated at amortized cost.

In addition, the Company uses the following accounting policies:

(1) Short-term investments and long-term certificates of deposit are recorded at amortized cost, which approximates fair market value. Long-term certificates of deposit are classified as bonds on the balance sheet per statutory guidance. Investment income or loss (including realized gains and losses on investments, interest, and dividends) is included in net investment income on the statement of operations. Changes in unrealized gains and losses on investments are included as a direct adjustment to capital and surplus.

(2) Bonds are not backed by other loans and are stated at amortized cost using the interest method.

(3) The Company had no common stock.

(4) The Company had no preferred stock.

(5) The Company had no mortgage loans.

(6) The Company had no loan-backed securities.

(7) The Company had no subsidiaries, controlled or affiliated investments.

(8) The Company had no joint ventures of limited partnerships.

(9) The Company had no derivatives.

(10) The Company does not utilize anticipated investment income as a factor in the premium deficiency calculation.

(11) Unpaid losses and loss adjustment expenses include an amount determined from individual case estimates and loss reports and an amount, based on past experience, for losses incurred but not reported. Such liabilities are necessarily based on assumptions and estimates and while management believes the amount is adequate, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates and for establishing the resulting liabilities are continually reviewed and any adjustments are reflected in the period determined.

(12) The Company has not modified its capitalization policy from the prior period.

(13) The Company's pharmaceutical rebate receivables are estimated based prior period actual receipts.

Revenue Recognition and Accounts Receivable - Subscriber premiums are recognized in the period that members are entitled to related health care services. A substantial portion of health premiums due and unpaid is due from third-party payers for subscribers located within southeastern Michigan. Health premiums due and unpaid are stated at invoice amounts. No allowance for doubtful accounts is recorded at June 30, 2018 and December 31, 2017, respectively. Unpaid invoices greater than 90 days old are treated as non-admitted for statutory accounting purposes. Approximately \$158,169 and \$25,075 of receivables greater than 90 days old were non-admitted at June 30, 2018 and December 31, 2017, respectively.

Recognition of Medical and Hospital Expenses - Medical and hospital expenses and the related liabilities are recorded when eligible medical and hospital services are authorized or performed. Claims unpaid represent management's estimate of the ultimate cost to settle all claims incurred prior to year-end.

Physician Group Contracts - The Company contracts with certain physician groups for the provision of medical care and compensates the groups on a capitation basis. These contracts have a pay-for-performance incentive. If the providers meet the incentives, they share in the savings and a payable is recorded. If the providers do not meet the incentives, they share in the excess costs and a health care receivable is recorded if deemed collectible by management. During 2018 and 2017, health care receivables and payables have been recorded from/to providers.

Notes to Financial Statement

Hospital and Other Group Contracts - The Company contracts with several hospitals and other groups. These contracts are paid under a capitation fee or various other charge arrangements.

Malpractice Claims - The Company has a claims-made policy for malpractice insurance. The Company's policy is to accrue for estimated costs of claims and incidents during the term of the claims-made policy.

Employee, Office Space and Equipment Leasing Agreement - The Company has an employee, office space and equipment leasing agreement with Total Health Care, Inc., its parent company, which is responsible for payment of most of the management, operational, and administrative expenses. Ultimate operational control rests with the board of directors of Total Health Care USA, Inc.

Income Taxes - Total Health Care USA, Inc. has received federal income tax exemption under Internal Revenue Code Section 501(c)(4). The Company is also exempt from state and local income taxes.

20. Fair Value Measurements

The following table presents information about the Company’s assets and liabilities measured at fair value at June 30, 2018, and the valuation techniques used by the Company to determine those fair values.

In general, fair values determined by Level 1 inputs use quoted prices in active markets for identical assets or liabilities that the Company has the ability to access.

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets and liabilities in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset or liability.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based in the lowest level input that is significant to the valuation. The Company’s assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset or liability.

The fair value of bonds was determined primarily based on level 2 inputs. The Company obtains the fair value of these investments based on values determined and provided by the investment custodians.

c. Other Disclosures and Unusual Items – Funds Maintained Under Statutory Requirements - The Company maintains segregated funds under statutory requirements to protect members and health care providers in the event the Company is unable to meet its contractual obligations. These funds can be issued only at the direction of the insurance commissioner in accordance with statutory and contractual provisions. At June 30, 2018 and December 31, 2017, \$1,009,856 and \$1,002,337, respectively were held in long-term certificates of deposit and money market funds to fulfill these requirements. Interest earned on these funds can be utilized by the Company.

At June 30, 2018 and December 31, 2017, respectively the Company had admitted assets of \$3,562,715 and \$1,700,533, respectively, in health premiums due and unpaid for amounts due from subscribers, governmental entities, and other health care providers. The Company routinely assessed the collectability of these receivables and directly wrote off any uncollectible receivables accordingly. Receivables greater than 90 days are considered non-admitted for statutory purposes.

22. Events Subsequent

Type I. – Recognized Subsequent Events – No Change

Subsequent events have been considered through 02/26/2018 for the statutory statement issued on December 31, 2017.

None

Type II. – Non-recognized Subsequent Events – No Change

Subsequent events have been considered through 02/26/2018 for the statutory statement issued on December 31, 2017.

On July 12, 2018, the Centers for Medicare & Medicaid Services (CMS) issued a memo regarding the risk adjustment program relative to a US District Court of New Mexico decision which prevented further collections or payments under the program. On July 27, 2018 a new memo related to these collections and payments under the risk adjustment program came out which indicated that CMS will resume the risk adjustment operations for the 2017 benefit year. There have been no adjustments to the recorded risk adjustment receivables in these financial statements.

On January 1, 2018, the Company will be subject to an annual fee under section 9010 of the Affordable care Act (ACA) after a one year CMS reprieve. This annual fee will be allocated to individual health insurers based on the ratio of the amount of the entity’s net premiums written during the preceding calendar year to the amount of health insurance for any U.S. health risk that is written during the preceding calendar year. A health insurance entity’s portion of the annual fee becomes payable once the entity provides health insurance for any U.S. health risk for each calendar year beginning on or after January 1 of the year the fee is due. As of December 31, 2017, the Company has written health insurance subject to the ACA assessment, expects to conduct health insurance business in 2018, and estimates their portion of the annual health insurance industry fee to be payable on September 30, 2018 to be \$1,087,226. This amount is reflected in special surplus. This assessment is expected to impact risk based capital by 2.37%. Reporting the ACA assessment as of December 31, 2017 would not have triggered an RBC action level.

	Current Year	Prior Year
A. ACA fee assessment payable for the upcoming year	\$ 1,087,226	\$ 0
B. ACA fee assessment paid	\$ 0	\$ 1,108,614
C. Premium written subject to ACA 9010 assessment	\$ 53,604,895	\$ 0

25. Change in Incurred Claims and Claims Adjustment Expenses

Notes to Financial Statement

Reserves as of December 31, 2017 were \$11,399,731. As of June 30, 2018, \$8,762,870 has been paid for incurred claims and claims adjustment expenses attributable to insured events of prior years. Reserves remaining for prior years are now \$1,316,498 as a result of re-estimation of unpaid claims and claim adjustment expenses principally on Comprehensive Medical lines of business. Therefore, there has been a \$1,320,363 favorable prior-year development since December 31, 2017 to June 30, 2018. The increase is generally the result of ongoing analysis of recent loss development trends. Original estimates are increased or decreased, as additional information becomes known regarding individual claims. Included in this increase, the Company experienced \$1,320,363 of favorable prior year claim development on retrospectively rated policies. However, the business to which it relates is subject to premium adjustments.

Reserves as of December 31, 2016 were \$16,291,478. As of December 31, 2017, \$13,122,815 has been paid for incurred claims and claims adjustment expenses attributable to insured events of prior years. Reserves remaining for prior years are now \$325,647 as a result of re-estimation of unpaid claims and claim adjustment expenses principally on Comprehensive Medical lines of business. Therefore, there has been a \$2,843,016 favorable prior-year development since December 31, 2016 to December 31, 2017. The decrease is generally the result of ongoing analysis of recent loss development trends. Original estimates are increased or decreased, as additional information becomes known regarding individual claims. Included in this decrease, the Company experienced \$2,843,016 of favorable prior year claim development on retrospectively rated policies. However, the business to which it relates is subject to premium adjustments.
